Gives a panoramic fire experience

W: 1395 x H: 1190 x D: 408 mm

CHOOSE YOUR PERFECT FLAME

Costumise your Montreal fireplace wall with one of Decoflame's four advanced burner options:

DENVER F3 BURNER

- User-Friendly Operation: Three adjustable flame levels for personalised ambience.
- Remote Control: Manage settings effortlessly via remote.
- Safety Features: Equipped with spill and temperature sensors for secure use.
- Efficient Refuelling: Includes an external fuel pump for easy and safe refilling.

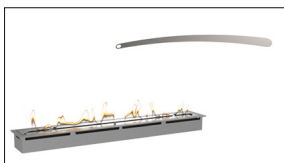

DENVER F6 BURNER

- Smart Home Integration: Control via app, remote, or built-in touch display.
- Customisable Flame: 5 flame levels and ECO-Wave function for dynamic flame patterns.
- Extended Burn Time: Up to 20 hours of operation with optional external tank system.
- Enhanced Safety: Features advanced safety, spill and temperature sensors for secure use.
- Efficient Refuelling: Includes an external fuel pump for easy and safe refilling.

HYBRID MIST BURNER

- Realistic Flame Illusion: Uses water mist and LED lighting to illustrate real flames without heat.
- Low Maintenance: Requires only electricity and demineralised water—no chimney needed.
- Smart Controls: Operate via display, remote, or Decoflame app.

MANUAL BIOETHANOL BURNER

- Simplicity & Reliability: Traditional operation with adjustable flame intensity.
- Design Flexibility: Available in various sizes and finishes to match your interior.
- No Power Required: Operates without electricity—ideal for locations without power access.
- Lower-budget solution, yet upholds the same high standard of quality.

DESIGNED TO ADAPT. BUILT TO INSPIRE

Whether you are designing a cosy corner or an expansive room, the Montreal Fireplace Wall adds a sophisticated warmth that moves with your lifestyle. Contact us today to explore the collection or book a showroom visit.
