BLACK, WHITE, COPPER & BRASS HANGING SYSTEMS

The Black, White, Copper and Brass Hanging Systems come in 1 box with codes HSCBLKNEW / HSCWT / HSCCOP / HSCBRASS (103cmx25.5cmx6.5cm - 2kg).

INCLUDES:

- 1 unit - Standard Mounting Bracket (diameter 19cm / height 2.5cm)
- 1 unit - 100 cm Extension Pole
- 1 unit - 50 cm Extension Pole
- 1 unit - 25 cm Extension Pole
- 1 unit - Connection 25cm Pole

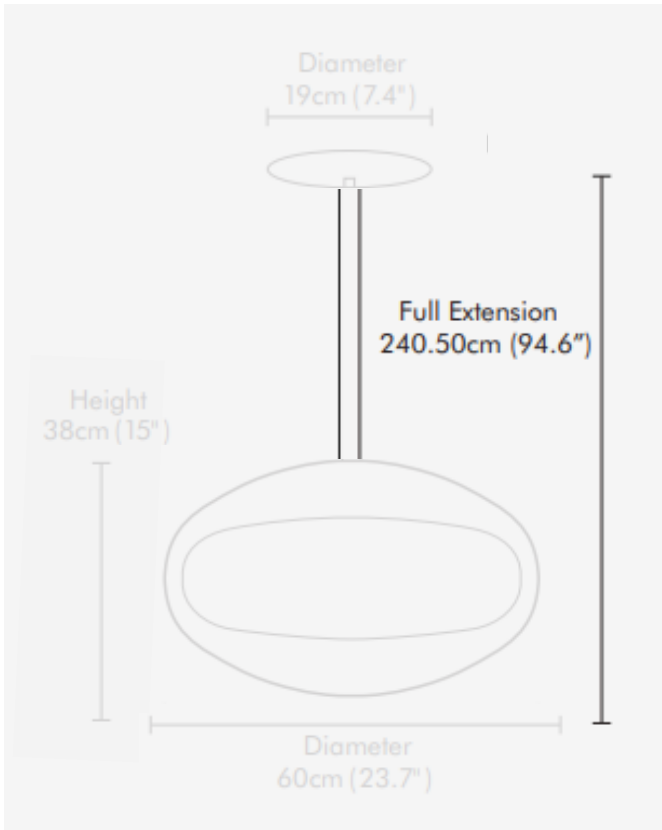

MATERIALS & FINISH:

CEILING BRACKET

- **Matt Black:** Carbon Steel with High Heat Resistant Black Finish (paint: 70% matt, 30% satin finish)
- **Matt White:** Carbon Steel with High Heat Resistant White Finish (paint: 70% matt, 30% satin finish)
- **Copper and Brass:** 316 Marine Grade Treated Stainless Steel Mirror Finish

HANGING POLES:

- **Matt Black:** Carbon Steel with High Heat Resistant Black Finish (paint: 70% matt, 30% satin finish)
- **Matt White:** Carbon Steel with High Heat Resistant White Finish (paint: 70% matt, 30% satin finish)
- **Copper and Brass:** 316 Marine Grade Treated Stainless Steel Mirror Finish

Adjustable Hanging Pole in Black, White, Copper & Brass:

- 360° rotation NOT possible
- Combination of extension poles for height adjustment
- Full hanging system extension 202.50cm (80" in)
- Extension Poles:
 - 25cm (10" in) connection pole (mandatory)
 - 25cm (10" in) extension pole
 - 50cm (20" in) extension pole
 - 100cm (40" in) extension pole
 - 240.50cm (94.6" in) - full extension (including the Shell)
- Copper and Brass Hanging Systems are available with Angled Ceiling Bracket options

IMPORTANT:

These Hanging Systems do not have a telescopic adjustment system as the Stainless Steel Hanging System System.

The 250 mm Connection Pole is a mandatory part of the hanging system (as it connects the Shell to the Hanging System) and therefore must be used in all combinations.

The desired height can be achieved by pole manipulation.

Example:

Should a client want 1.5 m they need to use:

- 1 unit - Standard Mounting Bracket
- 1 unit - 100 cm Extension Pole
- 1 unit - 25 cm Extension Pole
- 1 unit - Connection 25cm Pole

MATT BLACK HANGING SYSTEM (HSCBLKNEW)

COMES WITH:

Matt Black Shell
(ABSN)

FEATURES:

- Material: carbon steel with high heat resistant black finish (paint: 70% matt, 30% satin finish)
- Colour: Matt Black
- 360° rotation NOT available
- Pole Height adjustment
- Maintenance: cleaning with a dry cloth
- Safety: mount on a 150kg-load-bearing ceiling

HANGING SYSTEM PARTS:

Matt Black
Ceiling Bracket
(STBBLK)

Matt Black
Connection Pole
(EXP250BLKCONNECT)

Hanging System Poles

(EXP500BLK)

(EXP250BLK)

EXTENSION POLES:

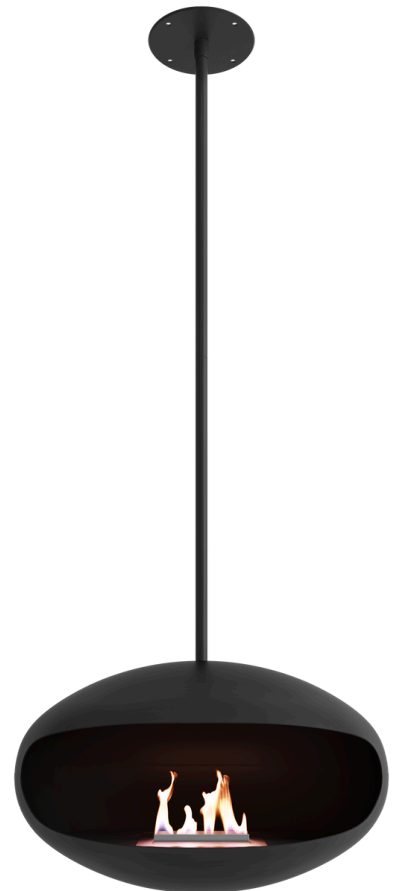

Extension
Pole 1000mm
(EXP1000BLK)

Extension
Pole 500mm
(EXP500BLK)

Extension
Pole 250mm
(EXP250BLK)

MATT WHITE HANGING SYSTEM (HSCWT)

COMES WITH:

Matt White Shell (AWTN)

FEATURES:

- Material: carbon steel with high heat resistant white finish (paint: 70% matt, 30% satin finish)
- Colour: Matt White
- 360° rotation NOT available
- Pole Height adjustment by pole manipulation
- Maintenance: cleaning with a dry cloth
- Safety: mount on a 150kg-load-bearing ceiling

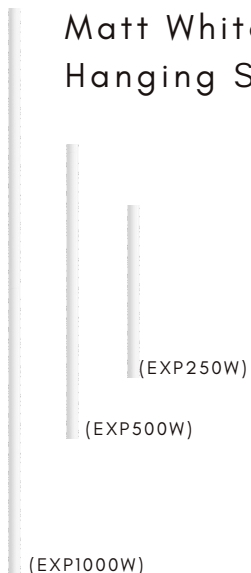

HANGING SYSTEM PARTS:

Matt White Ceiling Bracket (STBW)

Matt White Connection Pole (EXP250WCONNECT)

Matt White Hanging System Poles

(EXP250W)

(EXP500W)

(EXP1000W)

EXTENSION POLES:

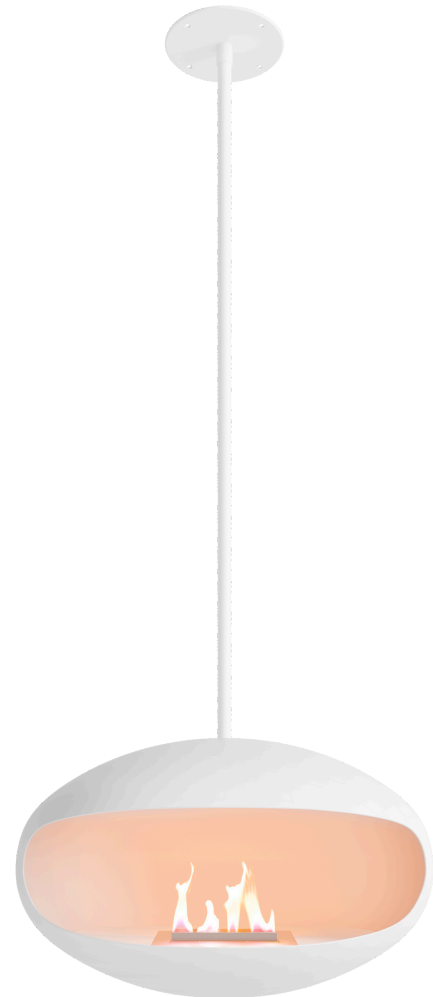

Extension Pole 1000mm (EXP1000W)

Extension Pole 500mm (EXP500W)

Extension Pole 250mm (EXP250W)

COPPER HANGING SYSTEM (HSCCOP)

FEATURES:

- Material: 316 Marine Grade Treated Stainless Steel Mirror Finish
- Colour: Copper
- 360° rotation NOT available
- Pole Height adjustment by pole manipulation
- Maintenance: cleaning with a dry cloth
- Safety: mount on a 150kg-load-bearing ceiling
- Angled Ceiling Bracket option is available

COMES WITH:

Matt Black Shell (ABSN)

Matt White Shell (AWTN)

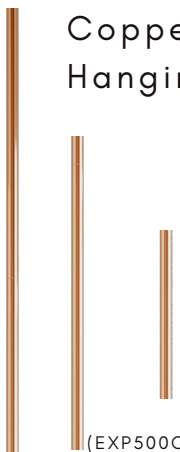

HANGING SYSTEM PARTS:

Copper Ceiling Bracket (STBCOP)

Copper Connection Pole (EXP250COPCONNECT)

Copper Hanging System Poles

(EXP1000COP)

(EXP500COP)

(EXP250COP)

EXTENSION POLES:

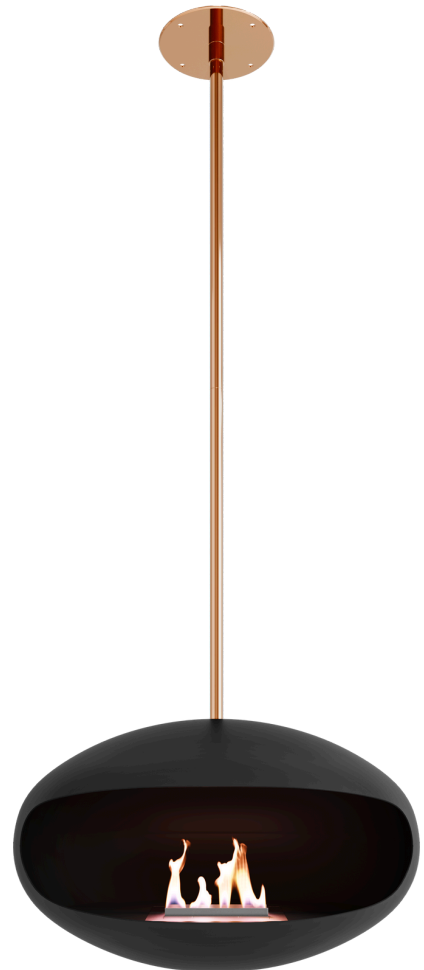

Extension Pole 1000mm (EXP1000COP)

Extension Pole 500mm (EXP500COP)

Extension Pole 250mm (EXP250COP)

BRASS HANGING SYSTEM (HSCBRASS)

FEATURES:

- Material:
316 Marine Grade
Treated Stainless Steel Mirror Finish
- Colour: Brass
- 360° rotation NOT available
- Pole Height adjustment by pole manipulation
- Maintenance: cleaning with a dry cloth
- Safety: mount on a 150kg-load-bearing ceiling
- Angled Ceiling Bracket option is available

COMES WITH:

Matt Black Shell
(ABSN)

Matt White Shell
(AWTN)

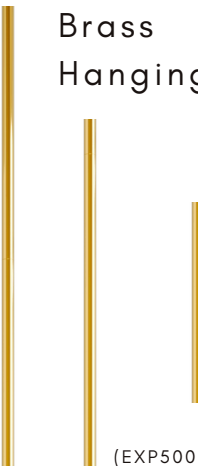

HANGING SYSTEM PARTS:
