

Technical Specifications

The Electric Fireplace offers an alternative to a wood or gas fireplace. It can give your existing fireplace new life or transform a cabinet or media center of your own into a stunning focal point.

Electrical Rating

- Volts:** 240 V, 50 Hz
- Bulb Type:** LED
- Watts:** 1800-2000 W
- Operating Temperature Range:** -20 to 40°C
- Wiring:** Plug-In
- Approvals certified to meet IEC Standards

- ! NOTE:** A 10 Amp, 240 Volt circuit is required. A dedicated circuit is preferred, but not essential in all cases. A dedicated circuit will be required if, after installation, the circuit breaker trips or the fuse blows on a regular basis when the heater is operating. Additional appliances on the same circuit may exceed the current rating of the circuit breaker.

⚠ WARNING: Electrical outlet wiring must comply with local building codes and other applicable regulations to reduce the risk of fire, electric shock, or injury to persons.
